Managers Change at Treasury Branch

George Davoy, late Manager of the Vulcan Treasury Branch arrived in Raymond the first of this week, preparing to take over management of the local branch from Ernest E. Jensen, who is leaving the Government service the end of this month to go into business for himself.

On Thursday, officials from Edmonton were here in connection with the coming change of management.

The new Manager has been an active community man in the North ern town, served as President of the Lions Club and other community activities. We welcome him to our midst. Our best wishes go with "Ernie" in his new business in Lethbridge. He has been a servant of the people while in Raymond and has made a host of friends and we hope that when they have time he and Mrs. Jensen will come often to renew acquaintances with their Raymond friends.

PARADE OF LIFE

Recently returned to the west coast radio scene after service with the information branch of the Canadian Army, Dick Diespecker's first important assignment, has been the writing and production of a drama series based on the lives of great men of the past. The program is heard on Mondays at 9:30 p.m. CDT, over the CBC Dominion network, and is entitled "Parade of Life."

VETS LAUNCH TICKET SALE

To obtain funds for their "Memorial Building Fund" the local Vets are staging a ticket sale for prizes to be drawn for when the tickets are sold. Prizes include a car, Victory Bonds and other valuable prizes.

You can get books from any of the Vets officials and you can render a real service to the Vets and your community by helping to dispose of these tickets.

NEWS NOTES

Boost the Stampede and you are boosting for Raymond. We are the "Home of the Stampede."

The strings of colored lights were put up at the business intersection on Thursday afternoon as part of the Stampede Decoration program.

A civic half-holiday has been proclaimed Tuesday from 1 p.m. on within the Town and all are asked to observe it. Read the ad. elsewhere.

F.L. Howard Hicken arrived home Tuesday on leave after three years or more in service from England. In company with the rest of the boys he is very glad to be home again.

Dr. Madill is recovering from a heart attack and is in the Lethbridge Hospital. He was on a United Church picnic Saturday afternoon when the attack struck him and he was brought to the Hospital here and then taken to Lethbridge for an X-Ray and further examination.

Mr. Locke and his assistant of Bruce Robinson Electric, Lethbridge, were here Wednesday and Thursday installing the electric lighting in the new building at Hancock Dairy.

Speakers at the 2nd Ward Remembrance meeting, Sunday evening, were Mrs. Louise Patterson and Mrs. H. H. Hicken. The meeting was held at the Lethbridge Club and was very interesting.

A "Baked Fish" dinner for the Gladders will be served at the Lethbridge Club on Sunday.

Mrs. Fanny Littlefield was a passenger to Lethbridge Thursday morning, with her two sisters from Cardston, all of them going to Lethbridge to meet the Great Folk parade and bringing their brother Sam from Cardston. The first time he has been here to visit for seventeen years. They will spend a few days in Lethbridge, then a day or two here and Bowden and McLean served the usual fine luncheon.

Raymond's big annual celebration great deal of interest for in the state Monday July 2nd for two big race events and large entries. The days, every hour packed with excitement and enjoyment. For the track itself has been intensely worked first time in several years, we will and if weather is favorable again have a midway for young and should give the horses every advantage, the Big Parade on July 2nd at age.

At night the usual big dance at 10 p.m. will bring out a galaxy of entries in the comic, the absurd and the genuine, that will really startle the celebration off with a bang. The members of the Executive, L.D. Rayo, Loren, Lee and the two Jims, Meeks and Walker, with the dance of dancers, and Charlie our local Stampede and Race events will come Director have spared neither time nor expense to make this an outstanding year in Stampede history. Prizes have been upped in many of the events over last year, more can prevail and the support of the testaments as expected and better people of Raymond and all of S.B.C. competition, and the good grass on Alberta the big show will be should really put the light into the what we all want it to be "the horses and other stock. There is a biggest and the bestest."

Crop Conditions

First cutting of alfalfa is going into stock now on many farms and many fields are in the field. The cutting of hay the stand of beets is satisfactory is of excellent quality the cool weather later than usual due to the weather retarding growth and making the stalks smaller and full of nourishment, compared with the rather woody, dry stalks of the usual first cutting. Most fields have been cut with irrigation.

Grain crops are looking fine and if weather remains favorable a very satisfactory average yield is promised. Cereal grains are all seeded and summerfallowing is the order of the day.

Beet cleaning is practically finished and the second cuttings and irrigating is going on now in a lot of the district. The district at large is looking better than usual due to the weather later than usual due to the weather retarding growth and making the stalks smaller and full of nourishment, compared with the rather woody, dry stalks of the usual first cutting. Most fields have been cut with irrigation.

Gardens and lawns have done fine to date but were getting dry the early part of the week and the garden beds were being used. On Monday night and a little heavier Tuesday night again have a festive day and the day.

NEWS NOTES

Karl Wilde was in Lethbridge on business Thursday.

Stake Leadership meeting was held last Sunday when the business of the Stake was taken care of.

Boost the Stampede and you are boosting for Raymond. We are the "Home of the Stampede."

Mr. and Mrs. Welch Bellek have sold their home and are preparing to move to Vancouver, B.C. on Sunday.

Neda, daughter of Mr. and Mrs. L. D. King, who resides in Utah, is spending a vacation here with her parents, brother and sister and friends.

The Sentimental Locomotive

Hubert was a hard working west ender—picked up in the Montreal locomotive and FFI was a roundhouse—it was FFI's turn to take the "Sentimental Locomotive" from the jump off the track. The romance of far East. When he first saw her, Hubert and FFI was heard on Sunday, nearly jumped off the track, day, June 11, under the title "The Sentimental Locomotive," one of the across the Dominion to learn enough series of drama fantasies under the French to woo her, and had come back with such remarks as "Rom heard over CBC's Trans Canada not even in press" and "danger on ax work on Sundays at 5:00 p.m."

John F. Jones Passes --- Funeral Last Saturday

FLUTIST

John F. Jones, aged 93, one of Raymond's oldest residents and a pioneer hero, passed away in the local hospital last Thursday after a short illness. He had been a widower for many years, and the past few years had been living back of the Telephone Office in a small house. He was a civic official had built for him.

Born in 1855 at Winterset, Iowa, he spent his boy hood on the plains of the United States and moved to Idaho as a young man. In 1874 he married, and in 1876 moved to Utah where he lived until 1907 when he came to Canada.

He was always opening new frontiers, and after arriving here he assisted in opening up this now and undeveloped country. He was the father of 14 children, has 46 grand children and 50 great grand children. Nearly all of his children have moved from this immediate district now.

Funeral services were held in the 2nd Ward Church at 2 p.m. Saturday afternoon, June 23rd, with Bishop standing instrumental artists of L. L. Palmer in charge. The service was conducted by Jos McLean with Mrs. Emma Dahl at the console. A fair sized crowd was present to show their respect to deceased and his family and there were a lot of lovely flowers from friends.

The opening prayer was by John F. Salmon, the benediction by Alvin Jones and the grave dedicated by Rulon Dahl of the Bishopric.

The opening song was "The Lord is My Shepherd," and after the psalm or the Choir sang "I Need Thee Every Hour" and the closing song was "Abide With Me." Jos. McLean sang by special request "Home on the Range" and Mesdames L. J. Hawkins and L.D. Watson sang the duet "Face to Face," as special numbers.

Speakers were Elders, Mrs. E. Meeks and L.D. King who spoke some on the active life of deceased, mentioning his labors in settling the Saints in Utah during the years that he served as a soldier in the Black Hawk War. He was very independent and right up to the end he wanted to wait on himself and declined assistance from anyone. He was a man who always looked to the future and planned and worked to make things more pleasant and comfortable for others.

Bishop Palmer spoke briefly, and on behalf of the family thanked all for their assistance and thoughtfulness during the illness and death of our friend.

Interment was in the local cemetery with Christensen Bros in charge.

Gordon Day will be the star of the Dominion Concert Hour at 8:00 p.m. CDT, Elmore Mazoleni conducting. First deskman in the flute section of the Toronto Symphony Orchestra, Mr. Day is among the outstanding instrumental artists of Canada. The "Concert Hour" and Jones will hear him in Mozart's G Major Concerto.

Misses Kate and Della Paxman were Lethbridge visitors last Saturday afternoon.

Karl Dahl went to Monarch last Saturday upon receipt of word that their Red Head truck was broken down near there.

The Boy Scouts of the Raymond 2nd Ward, under the leadership of Scoutmaster Archie Terry had an excellent hike last Friday and Saturday to the Rulon Dahl farm south and west of town.

TO RESERVE ARMY MEN

No doubt, during the past few weeks you have been asking your self a rather important question, namely "Is it worthwhile carrying on my training with the Reserve Army?"

Are there any arguments or reasons why we should not go on?

First there seems to be an idea current among the people of Canada that the war is over. Let us not forget that we still have a very healthy war on our hands, in which we, as Canadians, have hardly begun to fight as yet. This is a war, too, against an enemy even more formidable and if possible even a little tougher than the Germans. No reason there for slackening our efforts.

Next, there seems to be an idea current among the people of Canada that the war is over. Let us not forget that we still have a very healthy war on our hands, in which we, as Canadians, have hardly begun to fight as yet. This is a war, too, against an enemy even more formidable and if possible even a little tougher than the Germans. No reason there for slackening our efforts.

Mr. and Mrs. Louis Brantley were at the Temple Wednesday with their wives Albert and Wilford and their wives of Stirling.

Mr. and Mrs. Karl Patterson, Mrs. Emma Webster, E. N. Christensen and Mr. and Mrs. S. L. May were at the Temple Wednesday afternoon.

SUNDAY NIGHT

A huge crowd gathered in the Stake House Sunday night after the Stake House meeting to hear the splendid program presented by the Lethbridge Ward Mutual Improvement Society.

With Frank R. Taylor as Master of Ceremonies and the Taylor Stake Choir doing the providing and serving refreshments were served the visitors after the concert and a very pleasant hour spent in conversation.

DOMINION DAY

Monday, Canada again celebrates her birthday. It is a long back to 1867 when the articles of Confederation were signed to the present day. Without detracting from the auspicious nature of that occasion, one may truthfully say that a new Canada has grown up and reached national status amongst the nations of the world.

One could write pages of what has taken place in our Dominion during the 78 years that Canada has been a nation. The nation has been built by steel, a motor highway linking the Atlantic and the Pacific is rapidly nearing completion. The vast stretches of virgin prairie have been changed to fertile fields of grain, hay and so on. Our forests have been cut to furnish the nation and the world with building materials. Our mines have yielded many fortunes and now ones are continually adding to the nation's wealth. Our population has grown, not too fast, but solidly and constantly to create a race of red blooded Canadians who are proud of Canada and of whom Canada might well be proud.

Possibly our greatest growth as a world power has come during the war years when the strength and might of our resources and our man power have been turned to the shores of war. Away from the field of battle we have been fortunately situated where all of our energies scientifically, and in the field of manufacture could be turned to defeating the enemy of liberty and freedom, and along with the giant strides in war and means of production have marched the manpower of Canada. The young and the old, the men and

the women, the girls and the boys, have all rallied to the business of production, until today we are enjoying full employment and a degree of prosperity never so generally before felt in Canada.

All these things we are today enjoying. We are a young nation. Our wealth and resources are hardly touched. We have room for hundreds of thousands of new home builders, and we have the need of hundreds and thousands of new and better homes, with modern conveniences for the men and women who have built this Canada of ours. As we enter another year and another phase of our national life, it is that same spirit of unity, of devotion to a national cause, of interest in the progress and welfare of all that bind us together that in the years of peace, as we have been in the years of war, we may be a nation of builders, accomplishing the seemingly impossible and commanding the respect and admiration of the world. This much our Canada deserves of all of us. This much every true Canadian should give.

Irrigation schedules for the Town were printed this week. Get one from the office and then you won't be watering on the other guys turn.

F.O. Don Wells who has been overseas for three years past was a Raymond visitor last Friday and Saturday. Don is looking well and enjoyed meeting his old friends here a gain.

Mr. and Mrs. Geo. Terry who moved to Lethbridge three months ago or so have just moved into their new home and are enjoying it fine. George says, He did a great deal of work on it himself and says it is built just the way they wanted it.

MODERN FIXTURES

A balky mule has four-wheel brakes
A billy-goat has bumpers;
A firefly has a bright spotlight.
Rabbits are piddle-jumpers.
Camels have balloon-throated feet
And carry spares for what they eat.
But still I think that nothing beats
The kangaroos with rumble seats.

WEEKLY LETTER

CRESTED WHEAT GRASS
MAKES GOOD HAY

This year most of Southern Alberta has received a liberal supply of rainfall and although the stretch of cold weather has not been the most suitable growing conditions for most crops it has been to our advantage. Crested wheat is a very favorable for crested wheat the time it heads and the time it flowers. The length of time many good fields of crested wheat flowering is usually very short and a delay of a few days has a very marked effect on the feed quality. Most grass hays cure rapidly, on the ground and crested wheat grass is no exception. Once this grass can be cut and raked the same day although it is a full day of curing is better. The grass can be cut and in the stack the after the quality.

Crested wheat grass is a cool climate crop. It grows rapidly in the spring and again in the fall. It is the most drought surviving cultivated grass available. During long and severe drought it may not grow

but it does not die as most of our grasses do. It is a lot to turn green and start growing following a drought.

As a feed this grass is equal to home and better wheatears (wheat) in both nutritive value and palatability when cut at the proper time. After heading it makes very good hay and as it matures the palatability decreases. To obtain the highest quality it is a very marked effect on the feed quality.

Most grass hays cure rapidly, on the ground and crested wheat grass is no exception. Once this grass can be cut and raked the same day although it is a full day of curing is better. The grass can be cut and in the stack the after the quality.

SPECIALLY DESIGNED SPRAY GUN

A new spray gun has been specially designed in the United Kingdom to speed up finishing processes of every class of material to mass production pace. It has complete flexibility of operation, can be instantly changed to any class of spray from a "dot" to a wide fan, and can be changed from horizontal to vertical at will.

It is precision built, and is claimed to incorporate every feature desirable in the make-up of a superior spray gun. The body and handle are drop-forged duralumin, while the nozzle is of case-hardened steel.

Alternative nozzle settings enable the gun to deal with any type of surface coating materials including the lightest oil and cellulose paints, stains and shellacs, and the heaviest paint materials.

Mr. and Mrs. Bill Witbeck went to Calgary Sunday to meet Jerry Witbeck on his return from overseas on Monday. They arrived in Lethbridge on the Monday night train and were met there by H. M. Witbeck who brought them home.

THE GYPSY PATH

There's a gypsy hit to Elena Petrova's soprano voice, come from singing Russian ballads and cosmopolitan folksongs. This week she returns to the CBC Trans-Canada network as soloist in "Romany Tails," beginning Tuesday, July 3, at 7:30 p.m. CDT. She will be heard in gypsy songs of many nations, singing in the language from which the songs sprang.

NOTICE

In the estate of JOHN WILLIAM EVANS, late of Raymond, in the Province of Alberta, Agricultural Superintendent, Deceased.

NOTICE IS HEREBY GIVEN that all persons having claims upon the estate of the above named JOHN WILLIAM EVANS, who died on the 21st day of April, A.D. 1945, are required to file with the undersigned Solicitor by the 15th of August, 1945, a full statement duly verified, of their claims and of any securities held by them and after that date the Executrix will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been filed or which have been brought to her knowledge.

DATED this 20th day of June, 1945.

WARREN L. JONES,

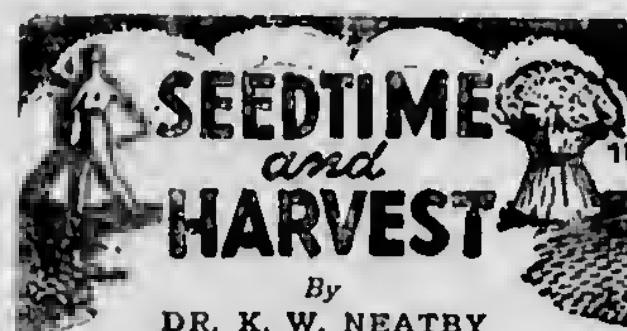

Raymond, Alberta.

Solicitor for Phoebe Longstroth Evans, Executrix.

Mr. and Mrs. Wm. Anderson went to Lethbridge Monday night to meet Frank Anderson of the Armed Services who arrived in Lethbridge from overseas on the 11 p.m. train from Calgary.

P.O. Officers Verl Meldrum and Franco Selman left Wednesday for a ten day vacation trip to Vancouver, B.C. before reporting again for duty.

C. G. Dunning, Bank of Montreal Superintendent, and A. M. Tracey, Calgary, were at the local Bank of Montreal Branch on business Friday this week.

GROWING SMALL FRUITS

We are pleased and proud to announce the publication of a bulletin entitled "Growing Small Fruits in the Prairie Provinces." It is illustrated with a series of admirable photographs most of which are by courtesy of the Division of Horticulture, Dominion Department of Agriculture.

The subject matter was written by Mr. W. R. Leslie, Superintendent, Dominion Experimental Station, Morden, Manitoba. It deals with recommended varieties, cultural and harvesting methods, pests and diseases of strawberries, raspberries, currants, gooseberries, etc. Tree fruits, such as apples, plums and cherries, are not included; but will, we hope, be the subject of another bulletin to be published in the not too distant future.

Copies are available, free of charge, to farmers and rural school teachers and pupils in the Prairie Provinces. They may be obtained through local Line Elevator agents, or from Line Elevators Farm Service, Winnipeg or Calgary.

A Correction

In our article, "Production Objectives," published on February 15th, we endeavored to summarize the figures released by the Dominion Department of Agriculture following the Dominion-Provincial Conference. Under "increases," we quoted "cattle, 8%; calves, 10%." One of our correspondents points out that these particular figures relate to increased marketings rather than to production. He thinks that "the owners of cattle are generally of the opinion that production has reached a level in the prairie, where difficulties could easily arise—if extensive drought should occur."

JOHN D. BUCHANAN

F.A.S., F.A.I.A.,

who was elected President of the Canadian Life Insurance Officers Association at the annual meeting in Toronto, June 12. Mr. Buchanan is assistant General Manager and Chief Actuary of the London Life Insurance Company.

'Steamship Special' for Child War Guests

TO BRITAIN: Child war guests who came to Canada from Great Britain in 1940, when 6,000 of them were carried in Canadian Pacific liners, are returning to the Old Country. A group of them are shown here at dinner in the Windsor Station coffee shop prior to boarding a C.P.R. "Steamship Special" for the east coast. Also making the trip were R.A.F. recruits like the wee Scottish-Canadian (right), enroute to Falkirk, and a R.A.F. father, who trained and married in Canada.

HERO AT 74: Age is no barrier to gallantry in wartime Merchant Navy service. It is proven by Chun For Shi, here receiving the British Empire Medal in his 74th year. The Chinese veteran of Canadian Pacific Steamships—now serving out his 33rd year with that company at his own request—is a survivor of the Princess Marguerite, one of the 12 Canadian Pacific vessels lost through enemy action in this war.

Harold McBride received his medical discharge from the Army Saturday at Calgary and spent the weekend here returning to Edmonton on Tuesday for consultation with a medical expert.

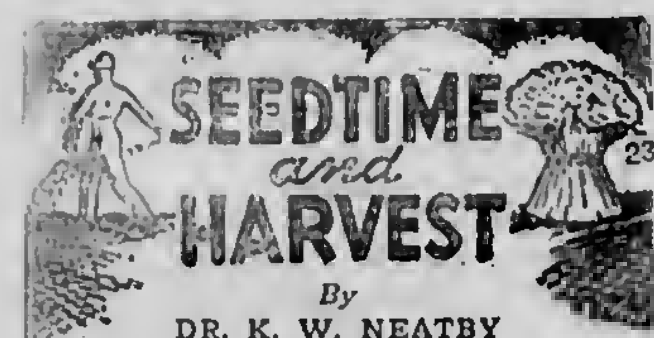

Mr. and Mrs. C. Wm. Selgeon received word Wednesday night that their son Warrant Officer Francis Selgeon had been made a Pilot Officer as of April 28th this year. We congratulate Francis on his well earned promotion.

Lieut. L. Hoggess returned home from Calgary the end of the week with his artificial leg. He is getting along very well with a cane and hopes when he gets more used to it that he will be able to get along without his cane.

HOW TO IMPROVE QUALITY OF HAY

In producing quality hay, the time of harvest is very important, because as the plants mature there is a decrease in the percentage of protein content. This decrease in protein in young alfalfa goes from over 20 per cent, and in clover to less than 10 per cent when fully matured. The same is true of timothy, except that the decrease starts at 10 per cent and is reduced to below 5 per cent when ripe. Protein is the expensive part of the ration and fibre is practically indigestible, so why not harvest the crop when the percentage of protein is high and fibre low?

The proper time to cut alfalfa is when between 10 to 20 per cent of the plants are in bloom, says W.S. Richardson, Dominion Experiment Station, Lacombeville, P. Q. Red clover should be cut when about 50 per cent in bloom, and timothy at the first flowering. As all the hay cannot be cut on the same day, it is advisable to start before these stages of maturity are reached. In order that the alfalfa will not be left too late. By cutting hay early this year, live stock production will be improved next winter.

"Hoigh-Ho, Come to the Fair"

As a combined source of information and amusement, the country fair has few competitors. It is one of the few attractions having an equal appeal to men and women, old and young. The best livestock in the community is there; the most recent improvements in farm machinery are on display; neighbours from near and far meet, often for the first time since the last fair; tests of skill, strength and luck are available to all; exhibit buildings are packed with interest and information, and a full day is rounded off in the grandstand.

The exhibit of The North-West Line Elevators Association has established an enviable reputation on the fair circuits. This year, matters of almost universal farm interest will be featured. An attractive display showing the most important features and advantages of farm electrification will occupy the centre of the exhibit. The remaining space is devoted to weeds, insects, fertilizers, potato diseases, small fruit culture, and testing cereal seeds for smut. Everett Robertson, B.S.A., will be on hand to advise on the various farm problems with which the exhibit is concerned. Don't fail to visit us at one of the following points: Brandon, Weyburn, Portage la Prairie, Yorkton, Melfort, Lloydminster, Vermilion, Vegreville, Red Deer, North Battleford and Prince Albert.
